

DATA DRIVEN COMPETENCE

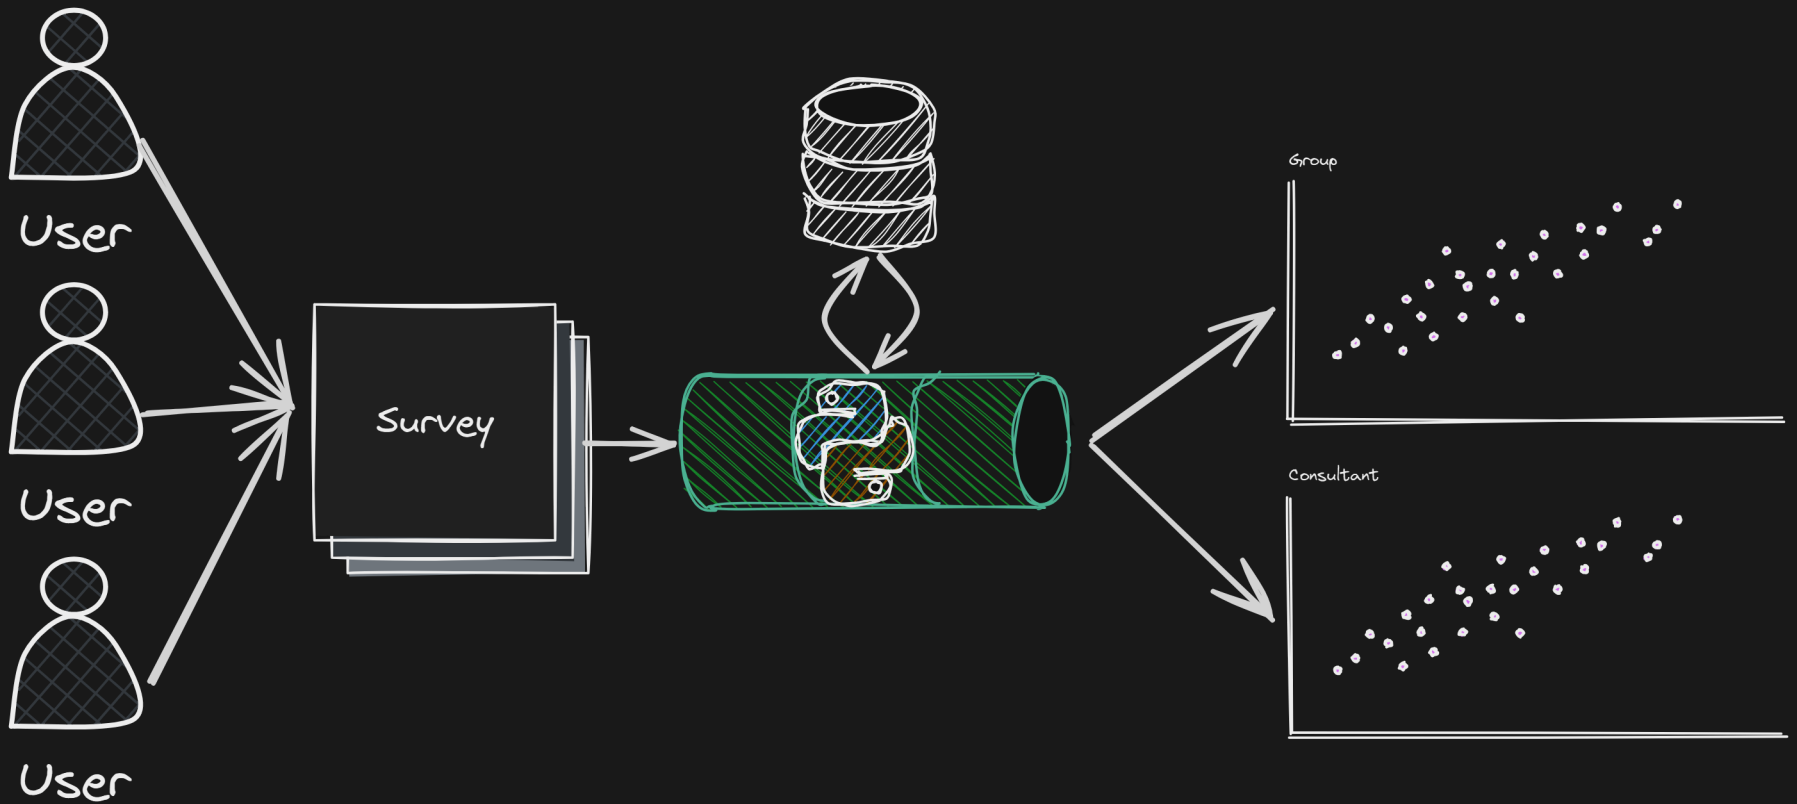

Bjørn Kristian Punsvik

2025-05-20

What do you want to learn more about?
What do you want the next workshop to be about?
What holes do you have in your knowledge base?

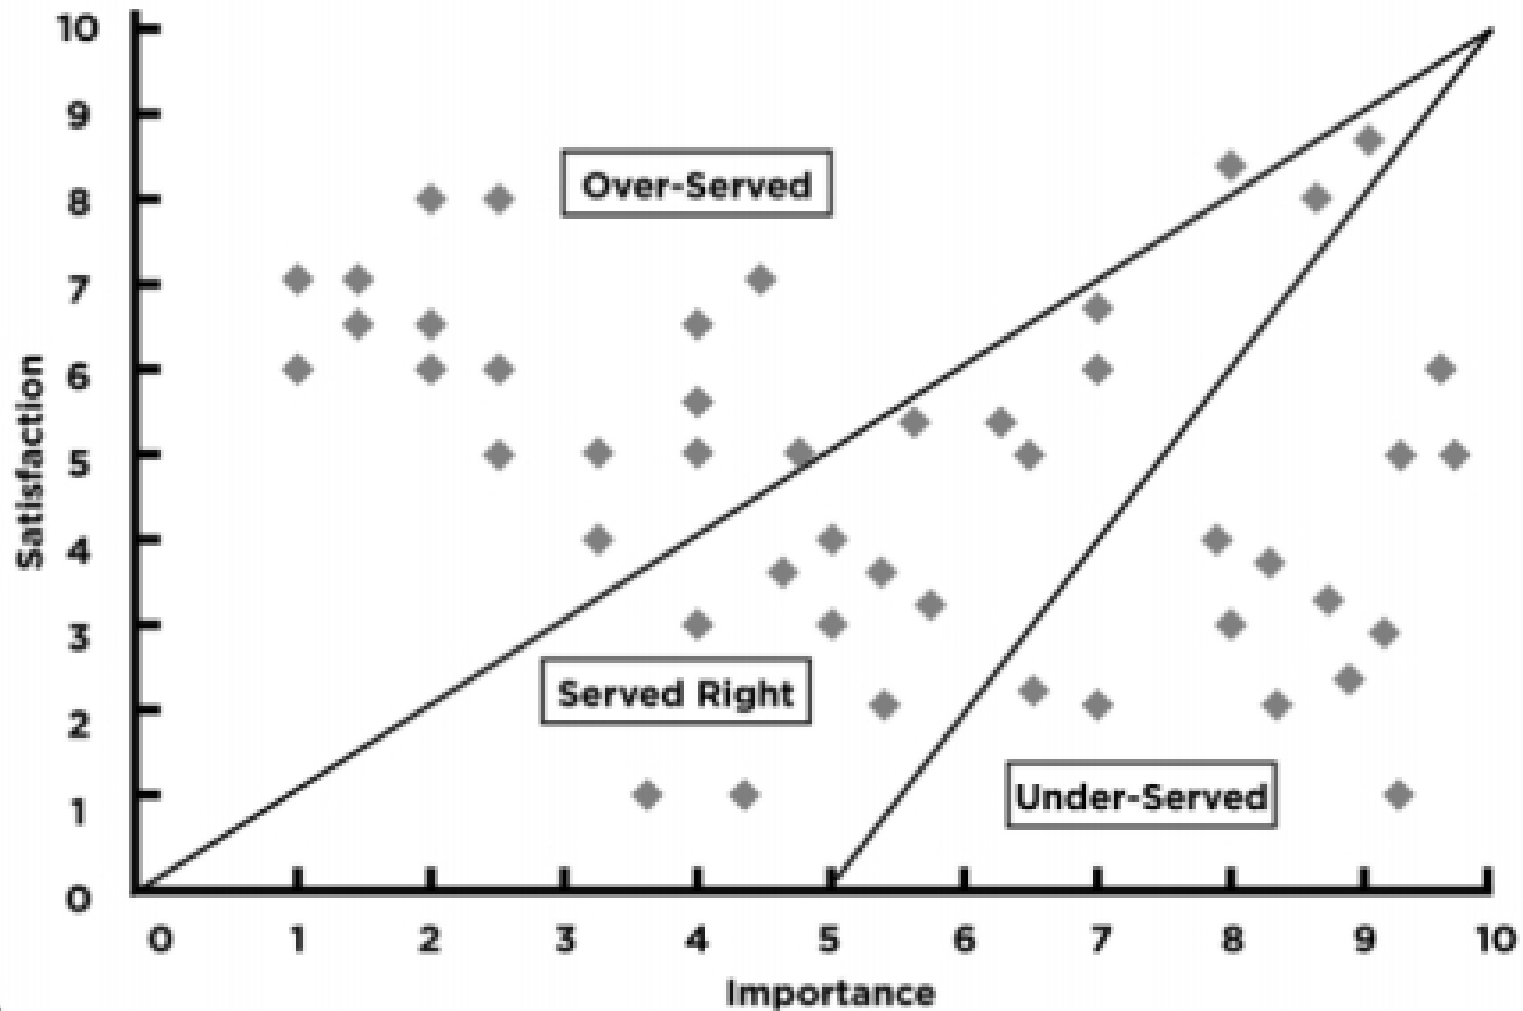

Data pipeline

Goal

Opportunity Prioritization

- **Current Skill Level:**

Your self-assessment of how proficient you feel in a particular topic or technology.

- **Interest:**

How interested you are in, and to be learning more about, the topic.

- **Importance:**

How important you believe the topic is for your role and for the team's success.

- **Satisfaction:**

Your level of satisfaction with your current knowledge and usage of the topic.

8 Categories with 10 questions each

80 Questions
